**SSP Receives Reimbursements under the Discounted Power Rate Program**

Publicly listed SFA Semicon Philippines Corporation (SSP), formerly Phoenix Semiconductor Philippines Corp., took payment of P56.43 million today representing part of its receivables of the Company's discounted electricity incentive granted under Presidential Executive Order No. 856 and its Lease Agreement with Clark Development Corporation (CDC).

This amount is the partial reimbursement of the Government through CDC of the power discounts for electricity utilized and fully paid by SSP since the commencement of its commercial operations in 2011.

The discounted power rate program of the government supports power-intensive industries that pour in substantial investments in the country in order to make the Philippines more attractive to foreign direct investments.

The collection will increase the Company's cash and cash equivalents by approximately USD 1.13 million.

Pursuant to the requirements of the Securities Regulation Code, the issuer has duly caused this report to be signed this August 18, 2017 on its behalf by the undersigned hereunto duly authorized.
